GENERAL INFORMATION

The Department of Community Development administers the federal Community Development Block Grant Program (**CDBG**) and HOME Investment Partnership Grant (**HOME**) for the City of Elmira. An annual entitlement of CDBG and HOME funds are received from the U. S. Department of Housing & Urban Development to promote development in City neighborhoods.

All applications received are processed on a first-come, first-served basis and are subject to available funds. Residents must own and occupy their property as their primary residence for at least two (2) years. The property must be located within the City of Elmira. City residents with land contracts or contracts for deeds are not eligible. Applicants with outstanding loans/grants with this office are generally not eligible. The purpose of this program is to assist low to moderate income property owners, who without the special assistance would not be able to afford to have the work performed. In order to be eligible, your household income including any assets will be reviewed and must fall within the income guidelines on the next page.
